THE LISTENING POST

● The Pigue boys, well known over this entire section, and who lived in Fulton many different times, held a family reunion yesterday, and all the living brothers save one were present. This is an annual affair with the Pignes, and this year, for the first time, one brother was absent because of death. Bill Pigue, the eldest brother, died early this year at his home in Martin. Originally there were eight brothers, all sons of the late Rev. R. H. Pigue, who rode the circuit for the Methodist Conference all over this territory. The father died a few years ago in Murray, and the mother died while the family was living in Fulton, and the father was on the South Fulton circuit. At the reunion yesterday all the brothers were present except Marvin, who lives in Texas. Those attending the reunion yesterday, which was held in Martin and in Water Valley, the old home of the family, was attended by Whitten Pigue of St. Louis, Bob and Paul and Syd of Memphis, Dick and Munsey of Nashville, and they met at the home of Mrs. Bill Pigue in Martin. Later all visited in Water Valley, the old time home of the sainted father. Most of the boys are connected with the newspaper and printing business in some capacity, although I believe that Dick has more recently gone into politics. Several of them, at one time or another, have been connected with this publication, and all are well known here.

● A man by the name of Nichols, and who has only one arm, the left, was playing golf at the local course yesterday and shot an even par for two rounds. On his first round he slipped one over perfect figures for a 37, but after getting the course firmly fixed in his mind, he again toured the long course and turned in a card of 35, or one under perfect figures to make an even 72 for the eighteen holes. Mr. Nichols never played golf until after he lost the arm about five years ago, and all his playing has been done with one arm. He has a perfect swing and gets long distances with his shots. He is very accurate with his short shots, and was seldom in trouble at any time during his tour of the local course. Somebody told Skipper Bridges that the man with one arm was made a perfect score, and Skipper said he believed he could do as well with one arm. "Having two arms," he remarked, "means just that much more to worry over." At that, however, it is marvelous to see how accurate Nichols is with his one arm, and how perfectly he can swing a golf club. He appears to use a full complement of clubs, and asks no odds because of having only one arm.

● The Chamber of Commerce will meet with the Water Valley community tomorrow evening at 6:30 in another of the series of Community Dinners. This may be the last of this series for the present year, although efforts are being made to schedule at least one more, and it is hoped that the Water Valley meeting may bring a record attendance. Interest has been keen in these meetings this year, and attendance has been unusually good at all meetings. More have been held than ever before, and it is felt that more good has been accomplished than in any previous year. Water Valley, being practically our next door neighbors, has been unusually interested in having a meeting there, and plans have been made for one of the biggest and most enthusiastic meetings of the entire year. Tickets have been on sale for several days.

Crisis Keeps Hull At Desk Over Sabbath

6 Peace Groups Ask Roosevelt To Take Charge Of Affairs

Washington.—The gravity of the German-Czech crisis kept Secretary of State Hull at his office this Sabbath Day, receiving the latest dispatches from American representatives in European capitals. Presumably, he kept in close touch with the President, too, although there was no word of any meeting of the two. Since the President's return from Minnesota, however, reports on the European situation have been relayed to him as rapidly as received.

Six peace organizations issued a public statement asking the President to take personal charge of foreign affairs and to adhere to a stay-out-of-war policy.

They said Roosevelt had used in the 1936 campaign the "same type of anti-war appeal Wilson used in his memorable (he kept us out of war) campaign" and demanded that he "not repeat the history of the World War Democratic Administration by reversing himself."

The statement was signed by the keep America Out of War Congress, the Labor Anti-War Council, the National Council for Prevention of War, the Women's International League for Peace and Freedom, the Fellowship of Reconciliation and World Peaceways.

Asking the President to tell the nation what his present attitude is, the statement said the people were "eager now for a clear-cut pronouncement" of an anti-war policy.

POLICE COURT

Wilmer Wade of Fulton was arrested by South Fulton police Saturday night on a charge of public drunkenness. He was tried this morning in the city court before Mayor J. H. Lowe and fined \$7.50 and costs.

Norman Younger, colored, was fined \$5.00 and cost this morning by Mayor Lowe, having been arrested Saturday night on a charge of public drunkenness.

Harold Hart of Fulton was arrested Sunday morning and tried this morning on a public drunkenness charge. He was fined \$5.00 and costs.

Pauline Watson was arrested by South Fulton officers yesterday and tried in city court this morning on a charge of public drunkenness. She was fined \$5.00 and costs.

Mr. and Mrs. H. B. Pearce of Memphis, Tenn., spent yesterday here with their cousin, James L. Batts, who underwent a major operation Saturday.

Highway Fund Has No Deficit At Present Says Governor Chandler

Frankfort, Ky.—Gov. A. B. Chandler today made public a statement the Highway Department would "defer" work on some contracts, but they would be "built as advertised when money is available."

The statement was made jointly by Highway Commissioner Robert Humphreys and Chief Engineer Thomas H. Cutler, and approved by Frank D. Peterson, director of accounts and control in the Finance Department.

The department has no "deficit" although \$2,335,266 more was expended from April 1 to September 1 than was taken in by it, the statement said, adding: "April 1 to September 1 is naturally the heaviest spending period and construction period of the department."

The statement added that the department "has cash in bank of approximately \$2,000,000 and we have paid and shall continue to pay in cash all of our obligations."

Mrs. Tolley Dies After Long Illness

Mrs. Barbara Tolley, a native of Dyer County, Tennessee, died in the Fulton Hospital at five o'clock yesterday morning following a long illness. Mrs. Tolley suffered a stroke of paralysis in August while visiting here with her daughter, Mrs. H. D. Stanfield, and has been a patient in the Fulton Hospital since that time.

She is survived by her daughter, Mrs. Stanfield, of Fulton, and only one sister, Mrs. Mollie Green of Dyersburg, Tenn. Mrs. Tolley was born in Dyer County, Tenn., but lived her entire life in Dyersburg.

Funeral services will be held this afternoon at the Curry Funeral Chapel in Dyersburg, conducted by the Rev. A. M. Volmer and the Rev. L. O. Hartman, both of Dyersburg. Burial will be in Fairview Cemetery of Dyersburg.

7 Who Need Cash Offer To Sell Eyes To Blind Merchant

Richlands, Va. — A blind storekeeper deferred temporarily today acceptance of any of seven offers to surrender an eye from healthy persons who "need the cash."

M. O. Warner, sightless for twenty years as a result of an explosion, said he would consult a surgeon first to determine if an eye grafting operation could be performed on him.

The merchant said the persons who communicated with him after publication of newspaper stories announcing he was in the market for an optic all had good vision. They are residents of Kentucky, West Virginia and Virginia.

Warner offered originally to buy an eye for \$500.

D. J. Murchison Dies At W. Valley

D. J. Murchison, aged 41, died at the home of his uncle, Jim Murchison, near Water Valley early yesterday morning. Funeral services will be held from the home tomorrow morning at 11 o'clock, with burial following at Rock Springs. The Hornbeak Funeral Home is in charge.

Mr. Murchison is survived by his widow, Mrs. Florence Murchison, and two daughters, Dorothy and Shirley, who live in Rutherford, Tenn. His father, Z. G. Murchison, and two brothers also survive.

PUERTO RICO CONSIDERED FOR ATLANTIC AIR BASE

San Juan, Puerto Rico.—The possibility of establishing a Naval air base here as a part of new Atlantic defenses was discussed today between local Government and military officials and a Naval commission headed by Rear Admiral Richard J. Hepburn.

Indian Who Kept Vow To Shun Whites For Thirty Years Dies

Pawhuska, Okla. — John Stink, 80-year-old Osage Indian, reclusive whose strange hatred of the white man made him a legendary figure, died at his home last night.

For more than thirty years he had lived to himself on a hill overlooking Pawhuska, nursing a grudge against the white men who killed his dogs. Often he could be seen smoking a black cigar and guarding his premises with a big knife.

About the turn of the century it was John Stink's custom to sit on the steps of the general store in the center of Pawhuska, his score of dogs clustered about him.

The proprietor and townspeople complained. John Stink grunted "Ugh"—kept on sitting. At last the marshal opened fire, killed several dogs. John Stink went up the hill with the remainder of his dogs, vowed never to have anything to do with white men again. He kept his vow.

Great Britain And France Adopt Policy To Prevent General War— Agree To Demands Made By Hitler

Two Democracies Said To Be In Complete Accord In Preventing Conflict

Czechs, However, Serve Notice Plan Will Not Be Accepted

LONDON, Sept. 19 (Monday) (AP)—Britain and France were said officially today to be in complete agreement as to the policy to be adopted with a view to promoting a peaceful solution of the Czechoslovakian-Sudeten question.

A communique stated the two governments hoped that after a settlement of the problem it would be possible to consider a more general settlement in the interests of European peace.

The statement was made after Prime Minister Neville Chamberlain, with his key ministers, had deliberated in a conference lasting almost continuously for twelve hours with the French Premier Edouard Daladier and his Foreign Minister Georges Bonnet, the terms of Adolf Hitler brought back from Berchtesgaden Friday by Chamberlain.

The question was: Should they strive to appease Hitler's hunger for a part of Czechoslovakia or risk plunging Europe into war?

Their third meeting of the day adjourned at 12:09 a. m. today. The text of the communique from No. 10 Downing St., the Prime Minister's residence, said:

"After a full discussion of the present international situation representatives of the British and French Governments are in complete agreement as to the policy to be adopted with a view to promoting a peaceful solution of the Czechoslovak question."

"The two Governments hope that hereafter it will be possible to consider a more general settlement in the interests of European peace."

To Meet Hitler's Demands

The wording of the communique indicated the two Governments had decided to meet, partially or fully Hitler's demands in connection with the Sudeten Germans of Czechoslovakia in an effort to get a broader European settlement.

The Czechoslovakian Government, however, had served notice on both Britain and France in advance that she could not accept responsibility for any decisions to which she might be an interested party.

Commission Planned

Although lacking in confirmation, this report said an international commission would be proposed to establish a new frontier and to transfer the population, instead of depending upon the slower process of a plebiscite.

A new treaty binding Britain, France, Germany, Italy, Poland, Hungary and Rumania, it was reported, would guarantee the independence of Czechoslovakia.

In return Czechoslovakia would give up her defensive pacts with France and Russia.

Roosevelt Program Is Menaced

Washington.—Senator Tydings, Maryland Democrat, discussing the probable legislative effects of President Roosevelt's effort to oust him and others from the Senate, predicts opponents of the Government Reorganization Bill will be able to amend it as they wish.

Asked what he thought would be the effect of his own and other Democratic Senatorial victories over Presidential opposition, Tydings said:

"That depends on what the legislation is."

Cites Reorganization Bill

He took the Reorganization Bill, which was passed by the Senate after a notable battle and then rejected in the House last year, as an example, and said he thought the opponents of the measure would be successful in attaching amendments which the Senate rejected a year ago.

Negro Is Found Guilty And Given Life Sentence

James Stevenson, 23 year-old Negro tried last week in Union City on a charge of killing Willie B. Lunsford, Fulton taxicab driver, last July, was found guilty by an Obion County jury after a deliberation of less than one hour. The jury recommended that a life sentence be given, and Judge Elkins imposed this sentence without delay. Immediately after sentence had been pronounced the Obion County sheriff left with his prisoner for an unannounced destination.

Attorney for the defense announced that no appeal would be made from the sentence.

A company of state troops was held under arms during the trial on Friday and Saturday, but no demonstration was made at any time, and the troops were not used except to guard the Negro while he was being taken back and forth from the jail to the court house.

Many local people were called as witnesses during the trial, the crime having taken place just on the outskirts of Fulton.

Unsettled Europe Seen As Harm To Steel Sentiment

Cleveland.—Steel sentiment has been harmed by the unsettled European situation, but as yet only small direct reflection of the war scare is apparent in domestic markets, the magazine Steel said today.

For some time consumers have been cautious in their purchases, but the possibility of hostilities abroad is given a share of the responsibility for the tendency of Steel demand to level off.

Production has reached 46 per cent, a new high for the year. Developments the last ninety days have brought operations fairly close in line with actual consumption and a slower rate of improvement in output is seen for the coming quarter.

THOMPSON TRANSFERRED TO PARIS U-TOTE-EM

J. W. Thompson, who has been employed here for the past ten months at the local U-Tote-Em Store, was recently transferred to the store in Paris, Tenn.

He and his wife moved there last week end and he took up his duties in the Paris store this morning.

His successor here has not been named but will be announced tomorrow.

Mr. and Mrs. Claude Vaden of Memphis, Tenn., spent yesterday here with their nephew, James L. Batts, at the Fulton Hospital. They were accompanied home last night by their daughter, Ouida, who has spent the summer here with her cousin, Miss Idelle Batts.

Old Problems Face President In Present Crisis—Fast Action Needed

Washington.—The Sudeten crisis has revived President Roosevelt's memories of tense mid-summer days in Washington in 1914, when every government nerve was strained to meet a thousand emergencies created by the outbreak of war in Europe.

As Assistant Secretary of the Navy then, Mr. Roosevelt saw at first hand the problems, not of war but of peace and American neutrality, that were thrust upon President Wilson.

A new European war would place on Roosevelt's shoulders no less a burden, even though American armed intervention in the struggle is seemingly as remote a possibility today as it was an unpredictable outcome in 1914.

There is even less of precedent and of foreseeable circumstances to guide the Chief Executive than President Wilson had. It is a war-chained world that again hovers on the brink of war.

French Appeal To Roosevelt To Save Peace

U. S. Influence Believed Needed To Avert War Danger

Paris.—French political leaders appealed publicly to President Roosevelt today to save peace in Europe.

The appeals, in editorials and speeches, indicated a fear that Great Britain and France might fail to hold Germany in check and a belief that United States influence was needed to avert war.

Socialist former Premier Leon Blum, in an editorial under his name in Le Populaire, asked in referring to President Roosevelt:

"It is not time that he address himself to Europe with all the prestige of his person and with all the authority of the State whose moral or material support would be finally decisive in any general war?"

Counsel To Prague

This editorial appeared at the same time as Le Petit Journal suggested "it would perhaps be well if President Roosevelt acts in giving his counsel to Prague."

Le Petit Journal is the organ of Col. Francois de la Rocque, leader of the French Social Party, who represents the opposite extreme of Blum in French politics.

Marx Doroy, Socialist former Minister of Interior, took up the campaign in an address inaugurating a school at Montucon.

"Socialists will fight to the end for maintenance of peace," he said. "They remain thus faithful to the example that Jean Jaures (Socialist leader assassinated in 1914) gave in 1914. Did he not think of soliciting the intervention of President Wilson to prevent war?"

HOSPITAL NEWS

Miss Rachel Hunter Baldrige was admitted to the hospital Saturday for treatment. She will be dismissed today.

James L. Batts is resting well today.

Mrs. John Wade, Fulton, Route 1, was admitted Saturday for treatment.

Miss Mildred Caldwell will be dismissed today after a recent minor operation.

Mrs. Thomas Browder is doing nicely.

Glenn Ray Powell, small son of Mr. and Mrs. J. T. Powell, underwent an appendicitis operation last night and is doing nicely.

Miss Mary L. Shuck, of Cayce, underwent a major operation in the Fulton Hospital Saturday.

Mr. and Mrs. Edwin Stein of Clinton, Ky., visited here last night with Mr. and Mrs. Guy Gingles on Fourth street.

Old Problems Face President In Present Crisis—Fast Action Needed

Actual was in Europe would swamp Washington again, as in 1914, with demands that it act swiftly to aid stranded Americans in the countries involved. That was the first concern of the Government then. It rushed millions in gold abroad to succor nationals, rich or poor, caught alike in the war panic in belligerent countries, faced by closed banks and carrying useless letters of credit.

The cruiser Tennessee was dispatched to Europe with millions in American gold for distribution to distressed Americans, some of them with millions of their own at home, in August, 1914. Much of the gold was supplied by American banks, but passage of a "relief" appropriation for war-bound Americans in Europe was almost the first act of Congress necessitated by that far-away conflict.

There are 100,000 or more Americans in the war-threatened countries of Europe today.

CORRECTIONS

The Leader will gladly correct any error in facts which may have gotten into its news stories when attention is called to them.

Peace At Any Price

While Premier Mussolini thunders in his Trieste speech that the solution to the problem which agitates Europe is a plebiscite for the Sudeten Germans in Czechoslovakia and plebiscites for all nationalities which demand them, and Premier Milan Hodza flatly rejects such proposals which if put into effect would result in the complete disintegration of the Czech Republic, British and French statesmen meeting at Number 10 Downing Street consider the sacrifice of Czechoslovakia by the plebiscite process as the only means of appeasing temporary the land-hunger of Adolf Hitler.

A vote in Sudetenland on union with Germany would legalize a second Nazi Anschluss and take away from the little Central European State a strong natural defense from its Teutonic neighbor. Such a vote in areas where Poles, Hungarians, Ruthenians and even Slovaks predominate would bring about the end of the buffer country carved out by the peace-makers at Versailles to block a possible Drang nach Osten. With this second Anschluss Germany would be in possession of much needed coal and iron for its munition factories and with the oil fields of Rumania and the granaries of Southeastern Europe almost within reach it would acquire the Skoda Works larger even than the Krupp factory, to intensify its rearmament program and in a short time would be invulnerable. Thus the Sudeten would become a second rate power and England's rule of the sea would be jeopardized.

But peace at any price is the objective of the British Government. The Chamberlain policy of barter dealing with the dictatorial nations has reached the limit of surrender of British prestige and also of Czechoslovakia, and France, unprepared for aerial attacks on its cities, has been brought around to much the same submissive attitude. Today Germany is not prepared for a long war. In its feverish efforts to build up a powerful air machine it has poured all its raw materials into its munition plants, its principal industry. It is without iron, coal, oil and cotton in sufficient quantities to feed its factories for more than a few months.

"Little Men"

Table Ideas

Pittsburgh — The first convention of the National Small Businessmen's Association, transferred from an auditorium to a hotel because of a disappointing turnout, prepared to wind up today with a vote on a "declaration of principles."

C. W. Elton, Pittsburgh insurance man and chairman of the Resolutions Committee of the 290 "resolutions or ideas" had been presented by the 219 delegates registered at the opening of the convention last Tuesday. Most of them were tabled.

Matthew Woll, vice president of the American Federation of Labor, told delegates the Wagner Act "would have been unnecessary had employers given a full measure of recognition to labor as a co-partner in industry."

Woll said, however, that he joined with the association in demanding changes in the act and called for a "substantial and not merely a clarifying" amendment.

Representative Samuel B. Peters of Indiana, blamed business men on "lack of confidence."

Eyston Sets New Speed Mark Of 375 Miles Per Hour In Final

Bonneville saltflats, Utah.—Capt. George E. T. Eyston erased Jolin Cobb's 24-hour-old world land speed record today with a new mark of 375 miles per hour—whereupon Cobb announced their dizzy duel was ended.

But Eyston is not satisfied at driving an automobile nearly six miles a minute. He said he may try again next week, presumably in an effort to boost the clip above 380.

Two flashing runs by Eyston's "Thunderbolt" on the glaring salt course regained for him the speed

crowd Cobb wrested away yesterday with an average of 350.2.

On Aug. 27 Eyston had raised his last year's record of 311.42 to 345.49 and there were indications that the two Englishmen might continue their hazardous contest as long as their cars, the weather and finances held out.

Cobb announced that "after due deliberation we have decided to abandon further quest for the world land speed record so far as this visit is concerned."

Eyston's seven-ton "Thunderbolt" was extensively remodeled for today's run, the big tail fin removed, and the hitherto square nose given a tear drop streamlining.

"She's got more speed left," he said proudly afterwards. "But we're getting the speed so fast now that we're treading on very dangerous ground each time we try to jack it up a bit."

Mrs. Brewer Marshall has returned to her home in West Point, Miss., after a visit of several days with friends here.

United Party Is Predicted By George

Atlanta.—United States Senator Walter F. George, renominated by a wide margin for another six-year term despite the expressed opposition of President Roosevelt, said here today "the great Democrats" will be quick to cast aside bitterness of the campaign just ended "and work for the party and its principles."

Complete unofficial returns from all but one of Georgia's 159 counties in Wednesday's primary gave the veteran Senator 141,922 popular votes and 246 county unit votes compared to 102,464 popular votes and 138 unit votes for his nearest rival, Former Gov. Eugene Talmadge.

Federal District Attorney Lawrence S. Camp, strongly endorsed by the President as a man better fitted to carry on the New Deal, was third with 78,223 popular votes and sixteen unit votes.

Cairo Bridge To Open Nov. 11th.

Mayfield, Ky.—The new \$2,000,000 Ohio River bridge at Cairo, Ill., connecting Kentucky will be formally opened and dedicated November 11, W. H. Creason, Mayfield, member of the bridge commission, said today after a meeting at Cairo. Kentucky Highway Commissioner Robert Humphreys, at home here for the day, said the road approach for the bridge will be completed by November 1. President Roosevelt, the Governors of Kentucky, Illinois, Missouri and Tennessee, Senators J. Ham Lewis of Illinois, and Alben W. Barkley, Kentucky, and Congressmen of Kentucky and Illinois have been invited to the bridge opening, Creason said.

2 Kean Hounds Given Respite In Death Trial

Frankfort, Ky.—Two lean hounds were brought into County Court to be tried for their lives under a Kentucky law that provides the death penalty for dogs that kill sheep, or "run, worry or pursue" them. The case went over until next Tuesday.

Mart Henry swore out the warrants against Rowdy, a lemon-colored dog, and Mickey, lemon and white spots.

Raymond Carrier and his son, Gus, 15, who owns Mickey, were on hand to defend him. Rowdy's master, Roy Doss, 19, was home with the mumps but his father, George Doss, was present.

"They're not sheep-killin' dogs, just good varmint dogs," said Doss. "Varmint dogs," he explained, are the kind that are good at running rabbits and treeing in "postums and coons."

Henry's warrant did not charge actual sheep killing but that on September they were "running, worrying and pursuing" his flock. Conviction of even that means death at the hands of the Sheriff.

BANKRUPT NOTICE

In the matter of CHARLES ELMER COCHRAN, No. 3719. On the 13th day of September, 1938, on considering the bankrupt's petition for discharge heretofore filed in the Clerk's Office of this Court—

It is ordered by the Court that a hearing be had thereon on the 27th day of October 1938, in open Court at Louisville, in said district, at the hour of 10 o'clock a. m., and all known creditors and other persons in interest are directed then and there to appear and show cause, if any they have, why the prayer of the said petitioner for discharge shall not be granted. A copy of this order shall be published at least 30 days before the date of said hearing in one issue of the Fulton Daily Leader, a newspaper printed in said district, and the Clerk of this Court, at least 30 days before the date of said hearing, will notify all known creditors and other parties in interest of said hearing by mailing to them copies of this order addressed to them at their places of residence as disclosed by the record or otherwise ascertained by the Clerk.

Motor Crashes Are Blamed On Love Affairs

Dallas, Texas.—Love affairs and home troubles may play an important part in highway fatalities, Jerry H. Clark discovered in research he conducted at Southern Methodist University for a thesis on "some of the psychological factors in highway safety."

Motorists concentrate upon financial difficulties, love affairs, troubles at home or arguments with fellow workers, said Clark, and under such conditions their minds are not on their driving.

Consequently drivers are more apt to "get out of control" than automobiles, Clark said. He said the term "accident" is a misnomer, as only five of each 100 highway deaths are due to unforeseeable vehicular accidents.

**Miss Wilda Ogden Hall Is
Bride Of Mr. L. T. Callahan**

Miss Wilda Ogden Hall, daughter of Mr. and Mrs. William Coleman Hall of Charleston, was married at 10:30 a.m. Wednesday, September 14, to Mr. Lynn Thomas Callahan, son of Mrs. L. H. Howard of Fulton. The ceremony took place at St. John's Episcopal Church, with Rev. Robert H. Gamble officiating. Southern smilax and huckleberry foliage decorated the church altar. Two large vases of white gladiolas and white pom pom chrysanthemums and two seven branched candelabra holding lighted candles stood at each side of the altar. Family pews were marked by white ribbons.

Mendelssohn's wedding march was the processional and the bridal march from Lohengrin was played for the recessional. Mr. J. Henry Francis at the organ gave a program of appropriate nuptial music before and during the ceremony. Mrs. Ward Bushart of Fulton, sister of the groom, was matron of honor. She was attractive in a dress of rust sheer wool with which she wore a matching coat trimmed with brown fur and brown accessories. Her flowers were yellow pom poms and Talsman roses in a shoulder bouquet.

Mr. Herman O. Ruffner was best man. Mr. Carroll Quarrier and Mr. Homer C. Jarrett were ushers.

The bride wore a smart costume in Bronzella green, consisting of a dress cut on princess lines, with gathered elbow length sleeves, and a short jacket trimmed with brown sable. She wore a necklace of tiny cameos set in gold. Her brown orchids were worn in a shoulder bouquet.

Mrs. Hall, mother of the bride, was costumed in black crepe trimmed in multi colors of vintage, Teal and gold. She wore black accessories and her flowers were Franklin Roosevelt roses in a shoulder corsage. Mrs. Howard, mother of the groom, wore a dress of black mated-lasse crepe, black accessories and Johanna Hill roses at her shoulder.

A reception was held at the Hall residence following the ceremony. Fall flowers decorated the house and the mantle, before which the bride and groom received, was decorated with string smilax, huckleberry foliage and Formosa lilies.

String smilax surrounded the large two tiered wedding cake which formed the dining table centerpiece. Gardenias were intermixed with the smilax. Fall flowers were used in bouquets throughout the dining room. Individual cakes were decorated with pink flowers.

Mr. and Mrs. Callahan left after the reception for a motor trip through northern states and will be at home at 1011 Valley road, Edgewood, after September 20. The bride's going away costume was the two piece suit in which she was married.

Mrs. Callahan is a graduate of Charleston High School and of the Elizabeth Embelin school of dancing and attended Kanawha college. The groom attended high school in Fulton and attended Murray State Teachers College where he was vice-president of Kappa Tau Delta fraternity. He is now employed by the Commercial Investment Trust Company of New York City, with offices in Charleston.

Among the out-of-town guests were Mrs. L. H. Howard and Mrs. Ward Bushart of Fulton.

HARRIS-MUSE OF
INTEREST IN FULTON

A wedding of much interest to their many friends here is that of Miss Joyce Glenda Muse, daughter of H. F. Muse of Union City, and

David Walker Harris, son of Mr. and Mrs. H. W. Harris, also of Union City.

The impressive wedding ceremony was quietly solemnized at the Cumberland Presbyterian Church in Union City Saturday morning with Rev. W. B. Cunningham, pastor of the church, officiating in the presence of only the immediate families.

The bride is a graduate of the Union City High School and the Bowling Green Business University, Bowling Green, Ky.

Mr. Harris was graduated from the University of Tennessee at Knoxville, Tenn., where he was a member of the Alpha Tau Omega Fraternity. For the past two years he has been City Clerk.

Immediately after the ceremony, Mr. and Mrs. Harris left for a wedding trip on the Gulf Coast and upon their return they will be at home at their apartment on High street.

Both are well known in Fulton, having visited frequently with friends here.

PAYNE-O'CONNER

Miss Josephine O'Conner, daughter of Mr. and Mrs. Daniel O'Conner of Chicago, Ill., was married here Saturday to Byron C. Payne, of Chicago, son of Mr. and Mrs. Lawrence Payne of Mount Vernon.

The ceremony was performed by Justice of the Peace Homer Roberts.

MR. AND MRS.
PHIPPS RETURN

Mr. and Mrs. Lynn Phipps returned to their home here last night from a week's vacation at the many interesting points of the east. Among places visited were Charlotte, North Carolina, where they were guests of Billy Carr, Portsmouth, Va., Norfolk, Va., and the Virginia beach.
